

Sophie and the Others

Beheaded for Justice
in time of war. For

Hitler had sent his best
Law n'Order judge
to scream at Truth,

& would you've been
a Good German then?
Or are you now?

It's easiest being good,
even in the present sleaz-

y tin-pot autocracy with
their purchased judges.

Hitler a beer-soaked clown
in Munich. Had a million
laughs after. At any rate,

you can't be Sophie or you'll end
up dead, but if you keep stirring

up scum, or help,
& do just one brave act

in a lifetime, you uphold
The White Rose.
